February is Love Your Library Month

Show your library some love! One way you can do that is to contribute. Consider donating your time, money, books, or even your expertise by leading a workshop for the community. Another way is to be a friend! Donate to the friends, volunteer at an event, or join the Friends of the Library. Promote your library by raising awareness of the crucial impact that literacy has on our community. Speak up for the library in public groups or forums, write to local law-makers, and support us on social media.
